BECOME, A CITIPEN!

CITIZENSHIP, NATURALIZATION, REFUGEE, WORK PERMITS, ETC.:

SHE:KON/GREETINGS,

My name is Benjamin II and I have started my own country.

In recognition of the Kuswentha namely the Two Row Wampum, the Kingdom of Pentortoise has invoked our perpetual sovereignty, Interest and Law on Great Turtle Island.

The Two Row Wampum was a counter offer to the Papal Bulls carried to our homelands and people, that the Pope would not be like father but as Brother, this voids all Roman law, ecclesiastical law, common law, civil law, and international law.

Becoming a citipen of the Kingdom of Pentortoise, you will pledge your undying allegiance to combat our usurpers, and liberate all enslaved Onkwehonwe here on Great Turtle Island.

Now, I need citipens, people like you. Proud, noble, warriors, who will defend themselves and their families, respect one another and carry the cause and burden of peace.

Please consider becoming a citipen of my country. You will have full say in every decision along the way. It could be the most democratic democracy in the world, but it needs, YOU!

KING BENJAMIN II: LEADER, ONKWEHONWE, SAVIOUR, BABALONIAN BEASTMASTER, DREAD KING
